CHAIR

Roberto Camagni

Politecnico di Milano, President Gremi

Roberto Camagni is Full Professor of Urban Economics at the Politecnico di Milano. Director of the research group on Regional and Urban Economics.

He is expert in regional and urban development, territorial diffusion of technology and innovation, assessment of urban transformation processes; in these fields he has carried out researches for the European Union, the OECD, the French Ministère de l'Équipement, the Department for Community Policies of the Presidency Council and a number of Regions and Municipalities in Italy and Europe. Recently, he developed the Report on „The cities in Europe: globalization, cohesion, sustainability“ drawn up by the Italian Government during the Italian EU Presidency (1996). He was president of the European Regional Science Association (ERSA), of AISRe (Italian Association of Regional Science) and Vice President of the Group of Urban Affairs of the OECD.

He is currently president of the Guilds (Groupe Européen de Recherche sur les Milieux Innovateurs), an international network of scholars based at the Sorbonne in Paris, which analyzes the local areas of innovation, and member of the Scientific Committee of the DATAR Paris. He participated in the construction of the Strategic Plans of several Italian and foreign cities. He is the author of about 150 international scientific publications and a manual of Urban Economics, translated into French and Spanish languages.
